

To: Arctic ROOS members

Date: 31.10. 2014

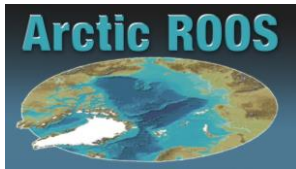

Arctic ROOS Annual Meeting 17-18 December 2014

Day 1: 1300 -1400, Day 2: 0900- ca.1600

Hosted by
NIVA - Norwegian Institute for Water Research
Oslo Centre for Interdisciplinary Environmental and Social Research (CIENS)
Gaustadalléen 21, NO-0349 Oslo
Tel. (+47) 22 18 51 00
Contact: Kai Sørensen, +47 90732129

Agenda

1. Welcome by Kaj Sørensen
2. Adoption of the agenda
3. Highlights of Arctic ROOS activities from the Secretariat, by S. Sandven
4. Status of EuroGOOS AISBL, an International Non-Profit Association, and the establishment of ECOMF (European Centre for Operational Monitoring and Forecasting), by Erik Buch, new chair of EuroGOOS
5. Presentations by the members of their main work in 2013 and further plans
 - Institute of Marine Research (IMR)
 - Norwegian Institute for Water Research (NIVA)
 - Alfred-Wegener-Institut für Polar- und Meeresforschung (AWI)
 - Institute of Oceanology, Polish Academy of Sciences (IOPAS)
 - Danish Meteorological Institute (DMI)
 - Defence Centre for Operational Oceanography
 - University of Cambridge, Department of Applied Mathematics and Theoretical Physics (UCAM DAMTP)
 - Institut français de recherche pour l'exploitation de la mer (IFREMER)

- Mercator Ocean
- University of Bremen, Institute of Environmental Physics (UB IUP)
- Finnish Meteorological Institute (FMI)
- Swedish Meteorological and Hydrological Institute (SMHI)
- Nansen International Environmental and Remote Sensing Center, Russia (NIERSC)
- Norwegian Meteorological Institute (met.no)
- Norwegian Polar Institute (NPI)
- Geophysical Institute – University of Bergen
- Nansen Environmental and Remote Sensing Center (NERSC)

Members who cannot attend the meeting are expected to provide slides giving an overview of their activities (Please send them to Stein before the meeting).

6. Status of potential new members: UNIS (Frank Nilsen), British Antarctic Survey (Jeremy Wilkinson), Marine Research Institute in Iceland (Hedinn Valdemarsson) and Icelandic Meteorological Institute (Haldor Björnsson).
7. Arctic ROOS strategy and implementation plan: Follow-up the new EUROGOOS Strategy and Implementation plan.
8. Data dissemination through Arctic-ROOS web site and partners web sites. Review of the portal (<http://arctic-roos.org>) and suggestions how to populate it with more information and data. Discussion on data to be provided to WWR-PPP (<http://polarprediction.net/>).
9. Upcoming events in 2015: e.g. EuroGOOS Annual meeting 20-22 May
10. Relevant call for proposals in 2015
11. Action items and AOB
