

## How to get to EuroGOOS at the Royal Belgian Institute of Natural Sciences (RBINS)

RBINS is situated at 29 rue Vautier, 1000 Brussels. EuroGOOS offices are on floor 14 of the Institute. Come in through the main museum entrance, leave the reception on the left and take a small staircase up at the bottom left of the hall – there you will find the Institute’s reception. Register your name, and the reception will show you the way to the EuroGOOS meeting room or the offices (depending on your visit’s aim). How to get to RBINS: <https://www.naturalsciences.be/en/museum/practical-information>

**Tips:** RBINS is located near the Luxembourg train station (at the European Parliament). You can get to this train stop from any Brussels railway station in a few minutes. Central Brussels has most hotel options – you can take train to Luxembourg station from the Brussels Central station in the city centre. Alternatively, you can take buses : (i) 38 to “Idalie” or “Luxembourg” bus stops are a five-minute walk from the museum. See bus 38 stops here: <http://m.stib.be/line.php?lang=en&line=38&iti=1>; (ii) 80 to “Museum” bus stop, opposite the museum. See bus 80 stops here: <http://m.stib.be/line.php?lang=fr&line=80&iti=1>. See the map below for an overview of the locations of the train stations and the RBINS. For detailed map, please consult Google maps.
