

# Marine data exchange in an European context

- Marine data – information – knowledge according to the Commission
- Examples of data flow
  - Mandatory.....and who is involved?
  - Non-mandatory.....and who is involved?
- Who is governing the EMODNET?

# Marine data – information - knowledge according to the Commission

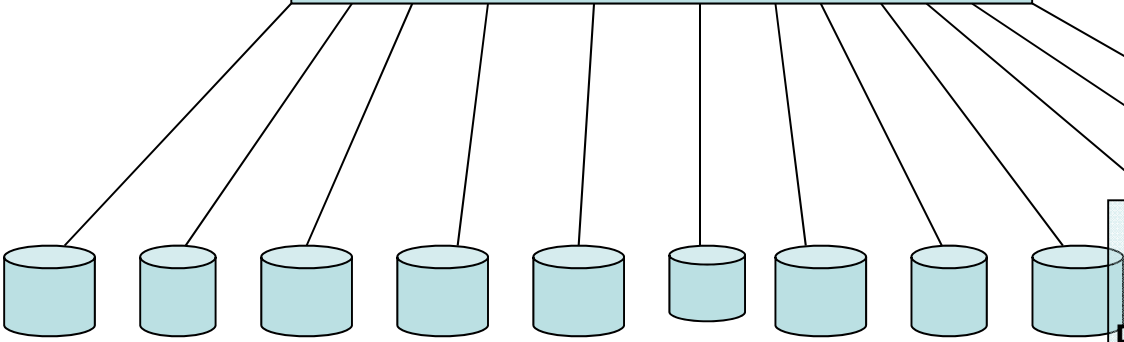

WISE Marine

EEA

Automatic harvesting of basic data sets filtered for MS - EU Agreement for MSFD

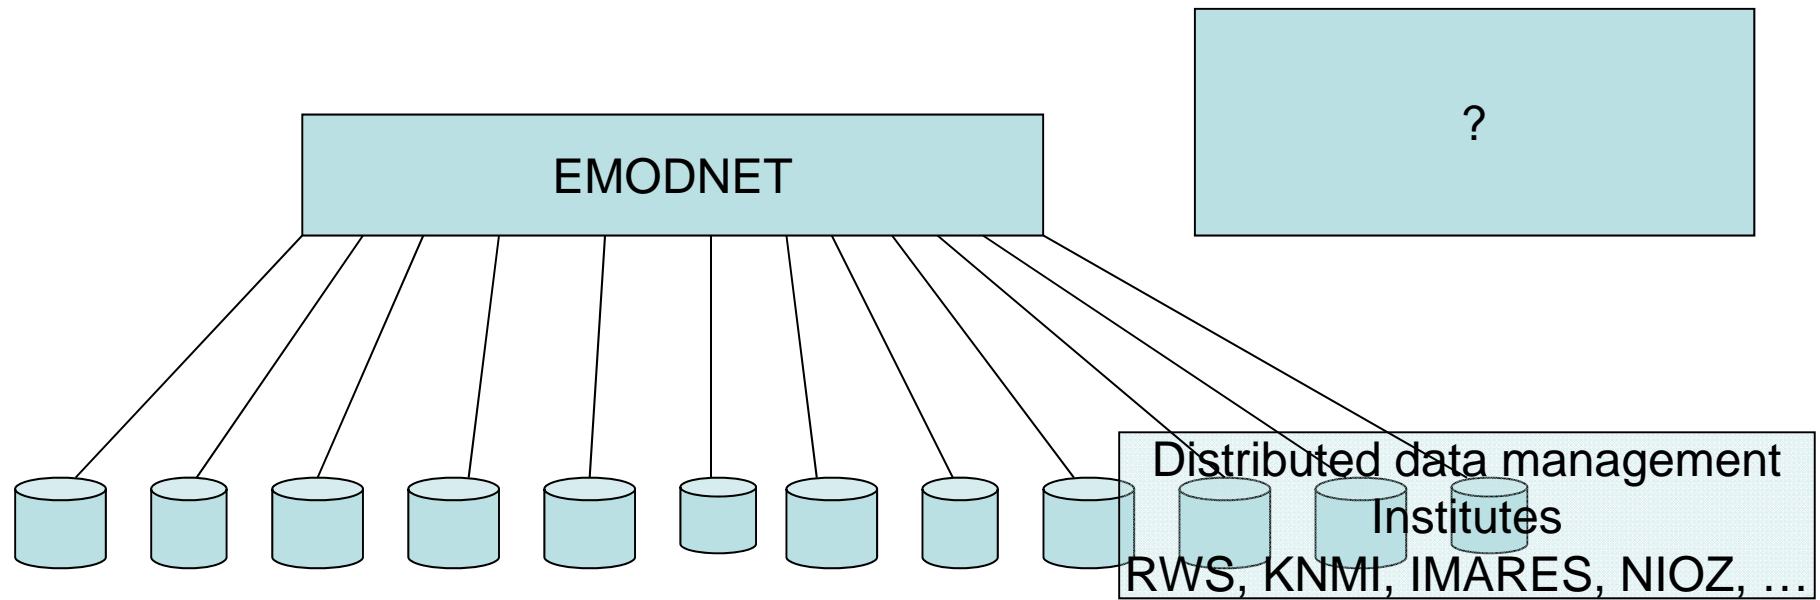

MS & EC

EMODNET

Distributed data management Institutes  
RWS, KNMI, IMARES, NIOZ, ...

# Discussion

- “One time measured, manifold used”
- EMODNET should/could focus on data distribution and data flow
- The complexity of EMODNET is daily tackled inside the relevant organisations:  
Let’s mobilise their expertise!
- Obligations for MS are negotiated elsewhere, eg: Marine Directors
